Our sympathy goes out to Mr. and Mrs. Clifford Emmott in the loss of their infant twin daughters on March 12.

The Busy Beavers will hold an Easter Tea at Albert school on the afternoon of Thursday, March 27th. Everybody welcome.

Weekly Inspirational Corner

(Sponsored by an Irma Times reader)

And after eight days again his disciples were within, and Thomas as with them: then came Jesus, the doors being shut, and stood in the midst, and said, Peace be unto you. Then saith he to Thomas, Reach hither thy finger, and behold my hands; and reach thither thy hand, and thrust it into my side: and be not faithless, but believing. And Thomas answered and said unto Him, My Lord and my God. Jesus saith unto him, Thomas, because thou hast seen me, thou hast believed: blessed are they that have not seen, and yet have believed.

And many other signs truly did Jesus in the presence of his disciples, which are not written in this book: But these are written that ye might believe that Jesus is the Christ, the Son of God; and that believing ye might have life through his name. —John 20:26-31.

Jarrow News

Twelve members and eight visitors met at the home of Mrs. A. Overby for the first W.A. meeting of the new year. Discussion took place concerning an Easter Tea and bazaar. It was decided to hold this on Saturday, April 12 at the hall.

WITH THE District Agriculturist

By J. S. Dunuch

Don't Neglect Cattle Now

All cattle should be sprayed at this time of year. This is a cheap operation and has great value. If there is any suspicion of lice it will pay to do the underside of the cattle at the same time for house control. Cows should have been getting a bit better feed for the last two months and some Vitamin A supplement with it. If any calves which are arriving now seem weak, partly blind or with scours it will probably pay you to give them some Vitamin A direct to bring them back to health.

Starting Plants Indoors

Don't start flower or vegetable plants too early as they will get too tall and spindly. Celery and Snapdragons can be started about March 20. Tomato and Lettuce about April 10. Cabbage and Cauliflower about April 15. Once the first set of leaves appear on the plants they should be transplanted to another flat and spaced from 1 1/2 to 2 inches apart. In early may all plants except Tomatoes should be hardened off by reducing the amount of water to them and gradually exposing them to outdoor temperatures.

Rat Control

When the snow starts to go, rats will begin to move again. Everyone should be on the watch for these pests and report any sign or suspicion of them to their local Pest Control Officer immediately so that proper action can be taken to prevent them from getting established. We can easily keep rats under control if everyone will do their part. Keeping junk piles clean and feed-yards, etc., neat and tidy is one way to prevent this pest from becoming established. Poison baits, advice and help are available from your Pest Control Officer.

EASTERLY ECHOES

Visiting and birthdays seem to sum up the news for this week. Texas Hollar spent the weekend with Errol Beckett, Dickie Allen visited with Brent Hollar. There was a family dinner for Kenny Deacon for his tenth birthday, a family dinner for Danny Winfield celebrating his sixth birthday. Linda Hollar spent Thursday helping Christina Beckett enjoy her eleventh birthday and the families of Mrs. Harry Vandervaele of Mannville dropped in on the forenoon Saturday evening, on the occasion of her seventy-fourth birthday.

Mr. Hugh Faulkner of Uncas stopped for a visit at the Vandervaeles' one day last week.

It was a pleasure to have Reggie Vandervaele accompany the hymns on the piano on Sunday at church. It has been several years since we had a pianist, the last being Mrs. S. Daniel.

The Y.P.S. whist drive was held Tuesday evening with Miss Pamela Paget and Harry Johnston winning the prizes. Mrs. Joan Paget and Reggie Vandervaele got consolation awards.

Mr. and Mrs. T. Greenwood have returned from the city where they spent several days keeping vigil over their sick grand-daughter Debbie LaFleur.

When you ask for a loan
at the B of M...

you do not ask a
FAVOUR

WHEN the housewife calls at the grocery store and orders a supply of provisions, she is not asking a favour... she is buying goods for which she will pay cash... purely a matter of business.

So with your bank. It is a business proposition just as much as the grocery store.

The grocer deals in groceries... the banker deals in credit. And, as the making of loans is the principal way by which his bank derives its revenue, he is as anxious to sell his credit as the grocer is to sell his groceries. And, like the grocer, the banker naturally wants to know that he is going to be paid for his goods... that his loans will be met when they fall due. That, too, is only good business.

When you have occasion to ask for a loan, look at it this way. Come to the Bank, not feeling that you have to ask a favour, but to offer the manager a sound business proposition which will be of profit to you and to his institution.

"Everything Without Regard to Limit . . . !"

Today Alberta — and Canada — stand on the brink of really BIG things.

In the words of our Prime Minister, "everything without regard to limit" will be done to provide work for Canadians and an opportunity for the better things in life — through vigorous development of our resources, increased foreign trade, social security and moral leadership among the nations.

These are the pledges of your Diefenbaker Government, which has already fulfilled so many of its 1957 promises: to taxpayers, home-builders, senior citizens, agriculture, industry . . . and YOU!

On March 31st — in Alberta — let's get moving on the vital tasks ahead . . . with YOUR member of John Diefenbaker's Alberta team!
